| Kalimba | Reading |
| Gaming | Superhero Movies |
| Webtoons | Anime |

I am a driven full stack developer, having trained at iO Academy Full Stack Track Bootcamp. During my spare time I enjoy reading, playing Genshin Impact, and socialising. I have always been interested in tech and intrigued about coding from a young age. I have found that I really enjoy the logic and challenges that come with developing, and plan to venture into game development as a hobby.

PROJECTS

Surfwave Fury
JavaScript Game

During my time at iO Academy, I had the pleasure of collaboratively developing the game Surfwave Fury. The purpose of the game is to speed surf the penguin avatar across waves to reach the goal as quickly as possible! We pair programmed in groups of two to ensure the highest quality of code. I focused on event handling, the logic behind assigning keys and ensuring both left then right arrow keys are pressed in order for our penguin to move, and some CSS.

Icepace
PHP OOP Listing App

The objective of this project was to create a OO's themed social media website. As a team, we used PHP to read, update, and display data from a MySQL database and SCSS to style the site. During this project I had the joint role of Scrum Master and Developer. I lead the development of the App architecture and wireframes, and pair programmed on backend tasks.

WORK HISTORY

University Hostpital Southampton (July 19, 2020 - June 12, 2022)
Healthcare Assistant

During my role as a Healthcare Assistant I gained many skills including clinical, administrative, communicative, to work effectively within a team, and to prioritise tasks in an order of urgency. I gained the critical knowledge of basic life support, to communicate in a concise or compassionate manner when appropriate, and to remain calm during stressful situations.

Tesco Express (September 22, 2019 - June 04, 2020)
Customer Assistant

As a customer assistant I engaged with each customer to create a hospitable environment and always showed my willingness to assist. My main role was assisting customers at the customer service checkout.

Tesco Esso Express (October 04, 2014 - May 31, 2015)
Customer Assistant

EDUCATION

Swansea University (September 21, 2015 - June 14, 2019)
BA English Literature and TEFL 2:1

St. Mary Redcliffe and Temple Sixth Form (September 19, 2012 - July 18, 2014)
English Literature, Classical Civilisation, History, Critical Thinking
