As part of my Critical Literacies module at Lingnan University, I volunteered at J-Life Foundation. A NGO supporting disadvantaged people.

HOBBIES & INTERESTS

Kalimba   Reading

Gaming   Game Development
Genshin Impact

Superhero Movies   Socialising

I am full stack developer having recently graduated from iO Academy's full stack track bootcamp. I am passionate and enthusiastic about software development and quick to adapt and learn new skills.

PROJECTS

Surfwave Fury 🏄
JavaScript Game

During my time at iO Academy, I had the pleasure of collaboratively developing the game Surfwave Fury. A game created with HTML, CSS, and JavaScript. The purpose of the game is to speed surf the penguin avatar across waves to reach the goal as quickly as possible! We pair programmed in groups of two to ensure the highest quality of code. I focused on event handling, the logic behind assigning keys and ensuring both left then right arrow keys are pressed in order for our penguin to move, and some CSS.

Icepace 🐧
PHP OOP Listing App

The objective of this project was to create a 00's themed social media website. As a team, we used PHP to read, update, and display data from a MySQL database and SCSS to style the site. During this project I had the joint role of Scrum Master and Developer. I lead the development of the App architecture and wireframes, and pair programmed on backend tasks.

WORK HISTORY

University Hostpital Southampton (19 July 2020 - 12 June 2022)
Healthcare Assistant

During my role as a Healthcare Assistant I gained many skills including clinical, administrative, communicative, to work effectively within a team, and to prioritise tasks in an order of urgency. I gained the critical knowledge of basic life support, to communicate in a concise or compassionate manner when appropriate, and to remain calm during stressful situations.

Tesco Express (22 September 2019 - 04 June 2020)
Customer Assistant

As a customer assistant I engaged with each customer to create a hospitable environment and always showed my willingness to assist. My main role was assisting customers at the customer service checkout.

Tesco Esso Express (04 October 2014 - 31 May 2015)
Customer Assistant

EDUCATION

Swansea University (21 September 2015 - 14 June 2019)
BA English Literature and TEFL   2:1

During my second year I studied a semester at Lingnan University, Hong Kong.

St. Mary Redcliffe and Temple Sixth Form (19 September 2012 - 18 July 2014)
English Literature, Classical Civilisation, History, Critical Thinking
